### Scholarship of Teaching and Learning

CTEL is excited to announce the Scholarship of Teaching and Learning, Teaching Innovation and Research program. The program offers professional development and a funding opportunity that is designed to nurture a community of excellence and innovation in teaching, learning, and scholarly activities. Research projects will focus on:

- *Flexible Learning* • *AI and Emerging Technologies* • *Competency to Career*

For more information, contact [sotl@broward.edu](mailto:sotl@broward.edu)

## D2L Spotlight

**D2L Release Notes:** Did you know that you can access information about updates and new D2L features right from your D2L Home Page? This month's release highlights the option to switch to the New Discussion Experience. This feature aligns Discussions with the formatting updates made earlier to Assignments and Quizzes, ensuring a more familiar and user-friendly experience. Monthly Release Notes also include an archive of past updates.
